Specs & Pricing, 2024

About Starlux

Starlux illuminated art pieces infuse your event with a dazzling lightscape that's within your budget. We offer a growing collection of lighted arches and shimmering art pieces for immediate rental. We'll collaborate with you to create a luminous, magical ambience for your unforgettable event.

How does it work? Fully color programmable and endlessly customizable, our lighted arches and decor transform any space to reflect your unique vision. Rental fees are transparent: delivery, set-up, and monitoring are always included. Significant discounts are available for multiple pieces and multi-day events. Let Starlux help you elevate your next event into a brilliant experience.

Portal

Every significant moment in our lives represents a passageway to a new chapter, and with Starlux's 'Portal', you can make that passage unforgettable. At a towering 9 feet in height and spanning 10 feet in width, 'Portal's' sleek circular silhouette and modern design will leave an indelible impression on your guests. Gloss white finish in stock, custom finishes to order. **\$850 per day.**

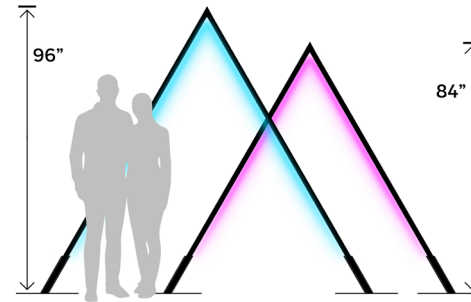

Unboxed

If you're looking for a glow that's outside the box – something simple, elegant, and deliciously unexpected – 'UnBoxed' will speak directly to your heart. This canted square design introduces an off-kilter departure from the conventional. 'Unboxed' Arbor is striking on its own and is a show-stopper with multiples. Gloss white finish in stock, custom finishes to order. **\$850 per day.**

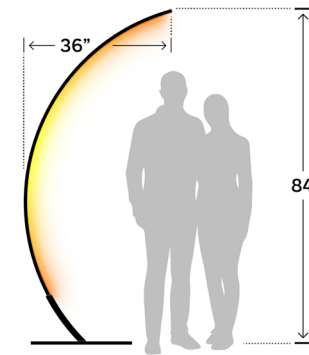

2 Triangles

This pair of triangular elements evokes staggered mountain crests or rooftop peaks. Their design is ideally suited for photo opportunities or as bold statement pieces that help delineate a space within an event venue. 'Two triangles' can group together or stand apart, your choice. Gloss white finish in stock, custom finishes to order. **\$750 per day.**

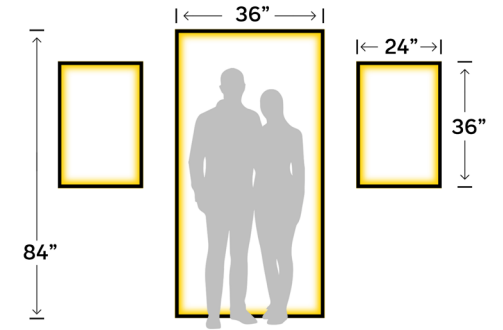

Crescents

This collection of luminescent 'Crescents' transforms a space – be it a hallway, outdoor pathway, or room perimeter – with luminous curves of color and light. Use them in a linear array to create a radiant passage from one space to another or distribute them within a venue to add bright strokes of color. Satin white finish. **Available individually for \$200 per day** (minimum rental of four units) **or all eight 'Crescent' units for \$1200 per day.**

Our House

'Our House' creates a literal and metaphorical doorway from one part of an event space to another. Consisting of a glowing doorway flanked by two shining windows, 'Our House' can be used to evoke home and a warm welcome. The doorway element is free-standing and the window elements can be suspended from your venue's ceiling or mounted on simple floor stands. Polished steel finish in stock, custom finishes to order. **\$950 per day.**

Looking for something else?
One-of-a-kind and custom creations are our specialty. Whether your vision is grand or intimate, Starlux will translate your ideas into extraordinary illuminated installations. **Custom designs start at \$2500.**
